RESOLUTIONS OF RESPECT
Whereas it has pleased our Heavenly Father to call from our midst our beloved brother, Ernest Buck, and in view of the loss we have sustained in our grange and community—

Be it resolved that it is a just tribute to the memory of the departed to say that, in regretting his passing, we mourn for one who was a faithful, diligent and cheerful worker and friend, and one who will be greatly missed by all.

Therefore be it further resolved that we send a copy of these resolutions to his bereaved family, send a copy upon our records, and have a copy printed in the Bethel Citizen.

CHRISTIAN FILM AT SOUTH PARIS APRIL 2

The outstanding Christian motion picture entitled "Beloved Enemy" will be shown at the South Paris Baptist Church on Saturday, April 2, 7:30 p.m. The picture is cordially invited to attend. There will be no admission charge, but a free-will offering will be received to help cover expenses. Refreshments will be served at the close of the evening.

Considered by many to be one of the finest Christian films yet produced, "Beloved Enemy" is the story of a brilliant young scientist who, because of his beliefs, is rejected by the girl he loves. Embittered, he sets out to disprove the deity of Christ. Completely investigating the accuracy of the Gospels and the massive evidence for the physical resurrection of Jesus Christ, he comes face to face with the unsurpassable man.

NEW INCOME TAX WITHHOLDING SYSTEM

New tax withholding tables and instructions for the 65 to 70 million persons who will be affected by the Tax Adjustment Act of 1966 are enroute to IRS Regional Service Centers for labeling and mailing, IRS District Director Whitney L. Wheeler has announced.

Although new withholding rates will not become effective until May 1, IRS is expediting information to give employers and employees maximum time to adjust to the new withholding system. It is expected that IRS Service Centers will complete labeling and mailing of the Employer's Tax Guide and Employee's fact sheet (document 5642) to all employers with 25 or less employees by the end of March. Employers in the category total approximately 4 million and have on their payrolls 20 million employees.

All employers with 25 or more employees (10,000 with a total of 40 million employees) should obtain their entire supply of document 5642 from the Augusta District Office early in April.

To make it as easy as possible for employers and employees to comply with the withholding provisions of the new act, IRS has included in the Employer's Tax Guide not only the new tax tables, but a one-page fact sheet with sample tables and a new W-4 for employees.

Shipment of the new Employer's Tax Guide and the fact sheet began March 12 when copies were sent by air freight from the government printing office to IRS Offices in Alaska, Hawaii, Puerto Rico and Guam. Shipment to IRS Regional Service Centers within the Continental United States began March 19.

Your District Office is located at 231 State Street, Augusta, Maine.

CPS have been collecting green stamps, is now there. The 16th book was received Wednesday so the collection was removed from the crate and assembled.

LET'S GO SKIING

By Uncle Melvin (from the Salem, Mass., Evening News, Friday, March 11, 1966).

Last Saturday (March 5), as you will recall, was a warm, stormy day. Previously, the thaw had wiped out virtually all skiing in southern and central New England.

We had programmed a trip to an area in central Maine which undoubtedly would be one of the few places open and that was Sunday River in Bethel. It is reached by the Maine turnpike, taking Exit 11 at Gray (Route 26) a little over three hours from home.

As we approached the ski area, we encountered tremendous drifts of snow along the side of the road. Greeting us upon arrival was area operator John Rolfe who was acting as host for the boys' and girls' giant slalom races. These morning events were under the direction of the Sunday River Ski Club and covered Classes Three and Four and conducted by the Eastern Amateur Ski Association with over 150 contestants. This was a great sight to see these youngsters, some in foul weather gear, topped with racing helmets, schussing down the 50-degree course with all the enthusiastic spirit that makes a future American Olympic ace. It rained most of the morning which made the course extremely fast, but did not seem to melt the 30-inch base.

Rolfe remarked that he had a good year last year starting in mid-December and ending in mid-April. This year he is 10 percent ahead. The area boasts of a big, new novice area entitled the Mixing Bowl with a 2500-foot novice T-Bar, at an area apart from the rest of the mountain. There is also a 2150-foot and a 3200-foot T-bar serving the main mountain. The Lory River trail, commencing at the summit, is a 2 1/2-mile pleasure to run.

This was carnival week end at Bethel, marked off by Friday night's supper in Legion hall Saturday's Rerunary also included family racing, interchangeable tickets between Sunday River and Mt. Abram, the selection of the queen sponsored by Gould Academy and ski movies. EDITH'S NOTE If we may correct our Bay State colleagues, the carnival week end festivities were under the sponsorship of the Greater Bethel Chamber of Commerce. Sunday in the village church, services were held followed by breakfast at the Sunday River ski lodge.

We found Sunday River to be a family ski area and was surprised at the unique ski locker rooms in the basement of the lodge. This consisted of metal lockers and specially built ski racks which were utilized for the season by the patrons.

There were many local skiers present, including a group of

girls from St. James Church in Salem.

The down-east cooking at the lodge was excellent at inexpensive prices. The Sunri Ski Shop located on the premises had a large selection of equipment and clothing and we were happy to find one of the new turtle-neck jerseys with stripes descending the sleeves. Excellent lodging accommodations are found nearby, which add pleasure to a ski week in this picturesque community of Maine. The hospitality was wonderful and we actually spent one of the so-called slushy days, which is an aluminum coin worth 30 cents in any of the mountains of Maine. At the end of the season
